Was 2017 really the "worst year ever," as some would have us believe? In his analysis of recent data on homicide, war, poverty, pollution and more, psychologist Steven Pinker finds that we're doing better now in every one of them when compared with 30 years ago. But progress isn't inevitable, and it doesn't mean everything gets better for everyone all the time, Pinker says.

But Steven Pinker has set out, first in *The Better Angels of Our Nature*, and now in *Enlightenment Now*, to illustrate that there has never been a better time to be a human being. In his new book, Pinker points out that the slow creep of progress is not as newsworthy as, say, an earthquake or an explosion.
