### Critical Perspectives On American Literature

African American literature, body of literature written by Americans of African descent. Beginning in the pre-Revolutionary War period, African American writers have engaged in a creative, if often contentious, dialogue with American letters. The result is a literature rich in expressive subtlety and social insight, offering illuminating assessments of American identities and history.

### African American literature | Britannica

It was not a (critical race theory style) analysis of American racism, but an introduction to long-neglected lodes of rich and varied writing affirming Black and Native American lives as integral to American culture. The thing about literature is that it brings students inside the heads of the characters and the poets and the essayists ...
