The Spanish colonization of the Americas began under the Crown of Castile and was spearheaded by the Spanish conquistadors.The Americas were invaded and incorporated into the Spanish Empire, with the exception of Brazil, British America, and some small regions of South America and the Caribbean.The crown created civil and religious structures to administer the vast territory.

Spanish colonization of the Americas - Wikipedia

Smallpox epidemics in 1780-1782 and 1837-1838 brought devastation and drastic depopulation among the Plains Indians. By 1832, the federal government established a smallpox vaccination program for Native Americans (The Indian Vaccination Act of 1832). It was the first federal program created to address a health problem of Native Americans.
