A fantastic collection of Greek and Roman myths and legends - If you're interested in Homer's or Virgil's but are unsure if you want to read them in their entirety then this book gives you the short versions of all their classic epics. I enjoyed the book and I especially like how's it written and paced, with the main chapters then sub-chapters.

### The Myths of Greece and Rome by Hélène A. Guerber

- concise collection of greek and roman legend - sociological explanation of these myths (the main attraction for me) - family tree of legends Minus points: - predominance on latin names, even though all the myths are of greek origin - doesn't present all versions of a myth in full, and the ones it presents are cleaned-up to victorian sensibilities
