Screamin' Eagle Milwaukee-Eight Engine Stage IV Kit ...

1 of 4. Screamin' Eagle Milwaukee-Eight ported cylinder heads are a key component of the Screamin' Eagle Milwaukee-Eight Stage IV Kit. Based on a unique Screamin' Eagle casting, these cylinder heads optimize air/fuel flow when paired with a Screamin' Eagle 64mm throttle body. The ports are meticulously machined on a five-axis CNC machine to increase the volume and velocity of the intake charge for improved efficiency of cylinder filling and to maximize the effect of exhaust scavenging.
